

Wind Chimes
August Take & Make

Wind Chimes
August Take & Make

Wind Chimes

August Take & Make

Supplies in the bag:

Wood circle

Jute string

Hanger hook

Chimes

Fishing line string

1. Put the brown string through a hole in one of the circles.

2. Count seven holes over and bring it up in that hole.

3. Put both ends through the hole in the hook.

4. Count seven holes over and put both ends of the string through that hole and tie a knot in the end.

5. Layout the metal chimes in the order you want to string them.
6. Cut the fishing line to the lengths that you want. (Suggested: 2 - 12 inches, 2 - 10 inches, 2 - 8 inches, 2 - 6 inches and 2 - 4 inches).
7. Put one strand of fishing line through the holes in the side of one of the wind chimes.
8. Put one strand of fishing line through one of the holes on the wood circle, going through the bottom to the top. Put the other strand through the next hole on the circle. Tie the ends together. Do this for each chime.
