# September's Take and Make Clock

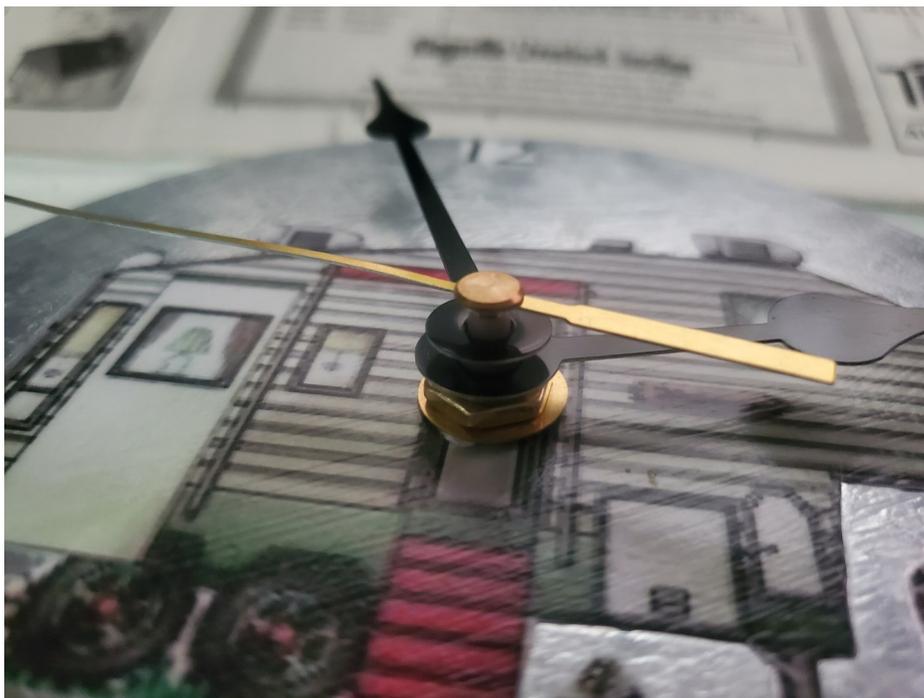

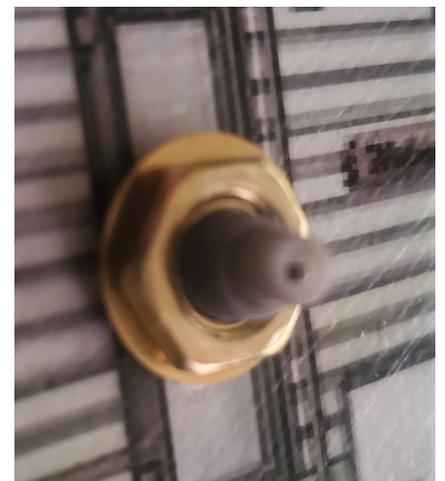

1. Cut out your design that you want on the face of the clock. And cut out the numbers you want.
2. Put your metal circle on some old newspapers and paint a layer of mod podge on the front.
3. Place the design and number on the mod podge.
4. Paint another layer of mod podge over the design and numbers.
5. After the mod podge has dried, paint another layer on.

# Clock Assembly

1. Use the clock mechanism to open a hole, if the picture covers the hole.
2. Place the black washer on the back next to the metal.
3. Put the silver hanger on the shaft side of the mechanism.
4. Put the shaft through to the picture side of the hole.
5. Place the round washer and then screw the bolt on securely.
6. The short hand goes first, then the long hand.
7. The second hand goes on last.
