Frosty Greetings Christmas Card

Included:
1 Card
1 Envelope
Snowflake Confetti

Not-Included:
Black Sharpie
Orange colored pencil
Glue

Follow these easy steps to make a fun and festive snowman greeting card:

1. On the edge of your card, draw a snowman in the shape of the letter "R."
2. Add a carrot nose (colored in orange) and a stick arm, similar to the example provided.
3. Sketch the design in pencil and trace it with a sharpie.
4. Using the snowflake confetti attach them to the card using glue.
5. Finish it off by writing a cheery "Let it Snow" message with a sharpie.

This DIY project is a great way to spread holiday cheer to your friends and family!

Tree-mendous Greetings with Paint Swatch Magic!

Included:
1 Card
1 Envelope
Paint swatches

Not-Included:
Glue

Creating Artistic Trees with Paint Swatches Transform paint swatches into beautiful trees by cutting them into different sizes and shapes. To add depth to your creation, remember to stagger the white lines, for extra festivness add a gold star to one of your trees.

Pom-Pom Wreath Card

Included:
1 Card
1 Envelope
Pom-Poms

Not-Included:
Hot Glue

Creating a DIY Wreath with Pompoms
To begin, trace a circle onto your card. Next, use hot glue as it works best for this project. Start by adding a small amount of hot glue on your circle then attach the pompoms. Repeat this process until your wreath is complete.
