1-8" Plaid Square

1-Rubber Band

1/2 C Rice

1-6" Felt Square

1-Wooden Snoot

Faux Fur for Beard

## Not-Included:

Hot Glue

Scissors

## Creating a Rice-Filled Santa Gnome

- Take an 8" square of plaid fabric and lay it flat. Fill the square with rice and gather the corners.
- Secure the rice in the fabric square using a rubber band.
- Use a felt square to form a cone-shaped hat. Secure the shape with hot glue, and cut away any excess felt from the bottom to make it even.
- Place the hat on the rice-filled body to determine where to attach the beard and nose.
- Affix the beard and wooden nose with hot glue.
- Finally, attach the hat to the ornament with hot glue.
