- Included:
- Several old book page strips
 - Two clear ornament halves
 - One Book Lover Cricut cut label with clear transition tape
 - Length of red twine

1. Roll or gently curl old book page strips with scissors; cutting them in half makes the ornament look fuller.
2. Remove the book lover label so it's attached to the clear backer and stick it to the clear ornament.
3. Fill the ornament with the curled pages, join the halves, and loop the red string through the hole to hang.
