

OCTOBER 2023 CRAFT
LIVINGSTON COUNTY LIBRARY

Fall bracelet—keep for yourself or give to a friend.

- 1. Cut the cord in 3 equal lengths of 20 inches each.**
- 2. Take all 3 of the cords and tie together with a common overhand knot.**

3. On 1 of the cords slide on one end of the magnet clasp and on each of the cords slide on a pearl bead. Tie another common overhand knot

at your desired distance.

3. Continue to add pearl beads and tie knots until desired length. (During assembly, make sure to hold up the bracelet to wrist, to determine the desired length of bracelet.) When at the desired length, remember to add the other end of magnet clasp before the last knot. Trim ends. Length between knots, number of pearl beads used is totally up to you. Make it your own. Be creative and enjoy!
